This Residential Block Party Permit Application packet includes the application form, a petition form for signatures, the Public Works Department Rules and Regulations for Street Closures, and the Fire Department Emergency Procedures.

Please read all the above-mentioned material and keep for your reference the Street Closure Rules, and the Emergency Procedures documents. Complete and sign the application form and return it to the Public Works Department along with:

- A petition signed by all the residents of the street to be closed agreeing to the street closure (you may use the petition form, make additional copies of the form if necessary). If you are unable to obtain all the necessary signatures, you must provide written documentation to justify the reason.

- A map of the proposed street closure depicting the placement location of the barricades.

Block Party applications must be submitted at least 20 business days in advance of the proposed party. Once your application has been reviewed and approved by the appropriate departments, a letter will be sent to you with instructions for proper street closures, and information regarding the type of barricades required and where to obtain them.

If you have any questions, please call Judy Dulik (650) 522-7336.

PUBLIC WORKS DEPARTMENT
RESIDENTIAL BLOCK PARTY PERMIT PETITION

We, the undersigned, request the City of San Mateo to permit the closure of:

__________________________ between: ______________________
(street to be closed) (cross-street)

and: ______________________ on: ______________________
(cross-street) (day of week, date of party)

from the hours of: ______________ to: ______________, for the purpose of
holding a Residential Block Party. We further agree that we shall hold the City, its
officers and employees, whether elected or appointed, harmless from any and all liability
arising from this Residential Block Party. We further agree that we shall be bound by the
Rules and Regulations for Street Closures attached to this petition for holding this party,
and agree to assist immediate access to emergency vehicles should that be necessary at any
time during the proposed street closure. If applicable, sound amplification equipment will
be used as follows:

Q:\\gw\WP\ENG\DULIK\BLOCKPTYBPETITN.DOC
RESIDENTIAL BLOCK PARTY EMERGENCY PROCEDURES

Following are the required emergency procedures to follow when conducting a residential block party:

1. Prepare an emergency plan to address the following issues:

   MEDICAL AID: Know the location of first-aid kits; identify people who have knowledge of CPR and/or a medical background.

   FIRE EMERGENCIES: Provide fire extinguishers/extinguishing equipment, garden hoses, etc., for all cooking areas.

   MAINTAINING AND/OR PROVIDING EMERGENCY ACCESS (MOVING BARRICADES, TABLES, ETC.) WHEN NECESSARY.

   The emergency plan should identify all persons assigned to execute the emergency plan operation, the method to alert the personnel (i.e., bullhorn, whistle, bell, etc.), and the response to put into action for the emergency situation.

2. Fire hydrants shall not be blocked at any time by vehicles, tables, decoration, etc. A minimum six-foot clearance must be maintained around hydrants at all times, and a clear unobstructed path from the street to the hydrant. Ropes or other objects shall not be attached to fire hydrants at any time.

3. In the event an emergency vehicle must enter the street, a minimum twenty (20) foot wide road clearance must be created for the emergency vehicles. At all times during the street closure certain persons shall be designated to be available to move barricades, volleyball nets, tables, chairs, etc. if necessary.

4. If approaching emergency vehicles sirens are heard in your neighborhood, the designated personnel must immediately go to the barricades and standby, as the responding vehicles may need access to your street. Having this standby procedure will prevent any delays for the emergency vehicles.

The San Mateo Fire Department would like to thank you and your neighbors in advance for your cooperation.

Michael Leong
Fire Marshal
PUBLIC WORKS DEPARTMENT

RULES AND REGULATIONS FOR STREET CLOSURES

These rules and regulations shall apply to any temporary closing of any street in the City of San Mateo for the purpose of protecting the safety of the persons attending a special event, such as a parade, demonstration, or residential block party that is not sponsored or conducted by the City of San Mateo.

DEFINITIONS

1. For purposes of these rules and regulations, the following definitions apply:
   a. "City Manager" means the City Manager or the City Manager's designated representative.
   b. "Free Speech Route" means a route or course of travel along designated streets, sidewalks, or other rights-of-way which are pre-determined by the City Manager for use by special events for the primary purpose of First Amendment expression.
   c. "Residential Block Party" means a festive gathering on a residential street requiring a closure of a street to vehicular traffic, and the use of the street for the festivity including barbecues, picnics, music, athletics, dancing, and/or games.
   d. "Street" means any private way that is a fire vehicle access way or any public way intended for vehicle or bicycle travel.

APPLICATION

2. Any person may apply to the City Manager for a permit to temporarily close a street. An application for a residential block party shall be made no later than twenty (20) business days before the proposed street closure on the form attached as Exhibit A to these rules and regulations. If the purpose of the street closure is to hold any event other than a residential block party, the application shall be made on the form attached as Exhibit B to these rules and regulations no later than twenty (20) business days before the proposed event.

3. Upon a showing of good cause, the City Manager shall consider an application which is filed after the filing deadline if there is sufficient time to process and investigate the application, and obtain police services for the event. Good cause means a showing by the applicant that the circumstances that gave rise to the permit application did not reasonably allow the participants to file within the time prescribed, and that the event is for the purpose of exercising the right of free speech. This provision shall not apply to proposed closure of any street in a district zoned R-1 or R-2 by the City's zoning laws.

4. No permit application or approval is required for events that are restricted to moving along sidewalks, and crossing streets only at pedestrian crosswalks in accordance with traffic regulations and controls.

5. The City Manager may require any person proposing to conduct an activity on private property adjacent to a street to apply for a permit under these rules and regulations when the City Manager determines that the activity would endanger or injure the public if the adjacent street were not closed. Examples of that kind of activity are demolition, adjacent heavy construction, helicopter operations, crane hoisting, and sandblasting.
STANDARDS OF REVIEW

6. The City Manager shall review the application and determine if it meets the standards set forth below. If it does, the City Manager shall grant the application; if it does not, the City Manager shall deny the application.

7. Any street in the City of San Mateo may be temporarily closed for the following reasons only under Vehicle Code section 21101(c):
   a. A parade or demonstration;
   b. A residential block party;
   c. A special event, such as a marathon, art show, or otherwise, when no commercial sales will occur in the street closed.

8. A street may be closed in a district zoned R-1 or R-2 by the City zoning laws only when the application is accompanied by a petition bearing the signature of at least one occupant from each occupied residence on the street to be closed, unless the applicant presents proof that he or she was unable to obtain the signature of one or more occupants of the property on the street to be closed because that occupant was out-of-town during the period when signatures were collected and the applicant warrants that he or she will make reasonable efforts to gain the occupant's consent immediately upon return.

9. No application shall be granted for a parade, demonstration, or other special event in a district zoned other than residential that will result in the closing of any street for more than 4 hours.

10. No sound amplification equipment may be used in any district zoned residential by the City's zoning laws in connection with any street closure, except when used by City employees or officers for purposes of crowd control and management or when used as part of a residential block party and the intention to use sound amplification equipment is expressly stated on the petition required by these rules and regulations for such a party.

11. No permit shall be granted for any event between the hours of 10 p.m. and 7 a.m., and no permit shall be granted that shall close a street for more than 10 hours at any one time.

12. No permit for any street closure shall be granted when the City Manager determines that the closure requested will substantially interfere with the conduct of a considerable number of businesses on the street or streets to be closed.

13. No permit shall be granted when the closure would result in a significant disruption of the orderly and efficient flow of traffic through any portion of the City of San Mateo or disrupt the use of a street at a time when it is usually subject to great traffic congestion, or if the street is classified as an “arterial” or a “collector” street as listed in the City’s General Plan, unless otherwise approved by the City Engineer.

14. No permit shall be granted when the closure would result in denying prompt access to an area or location by emergency vehicles.

15. No permit shall be granted when the proposed event will substantially interfere with any construction or maintenance work scheduled to take place upon or along the streets involved, with any previously approved encroachment permit, or with another previously approved special event, unless the persons in charge of the construction or maintenance work, encroachment permit usage, or special event agree in writing to the interference.
16. No permit shall be granted when the closure would result in the denial of or substantial interference to all vehicle access to a residence in a district zoned R-1, R-2, or R-3 by the City's zoning laws for longer than thirty (30) minutes in one 24-hour period, unless a majority of the occupied residences in each block have consented in writing to that denial or interference.

17. No person shall paint, deface, or otherwise alter any public property, such as sidewalks, street surfaces, or light standards in connection with any event held pursuant to these rules and regulations except as provided in this paragraph. Any marking of public property shall be minimized and confined to being done with chalk that leaves no stain of any kind [sheetrock chalk is recommended; spray chalk is not permitted]. Any signage posted or markings placed on public property in connection with the event shall be limited to posting or placing no more than 2 hours prior to the event and shall be removed by the applicant within one-half hour of the ending time of the event. The applicant shall be held responsible for the costs of any clean-up or restoration of public property in addition to any other penalties that may be assessed.

BARRICADES

18. Each application shall be accompanied by a site map depicting the placement location of barricades to close the street proposed. Only city approved reflectorized Type 1 barricades may be used for street closures. In addition, if your street closure extends into night-time hours, or past 6:00 p.m., Type A barricade warning lights must be attached. A minimum of three barricades are required for each end of the street closure. Additional barricades may be necessary depending on the width of the roadway. This barricade plan shall be reviewed by the Police and Fire Departments to ensure compliance with these rules and regulations and to ensure that all participants attending the event are sufficiently protected. Approval shall be granted only if the barricades are placed at the end of each street to be closed, and where the street intersects with another openly-traveled street. Barricades must be removed in no more than thirty seconds to permit access for emergency vehicles. The person or persons making the application shall be responsible for obtaining city-approved reflectorized Type 1 barricades.

   a. Type 1 barricades shall be lighted by Type A barricade lights by the applicant at all times while they are in place during hours of darkness past 6:00 p.m., and shall be supervised at all times while in place by persons over the age of eighteen (18) years, with at least one adult at each barricade location.

   b. City approved reflectorized Type 1 barricades and Type A barricade lights may be obtained from a number of companies listed in the yellow pages under "rental" or "construction". Barricades must meet the standards set forth in general terms in the Manual on Uniform Traffic Control Devices published by the U.S. Department of Transportation, Federal Highway Administration.

   c. All barricades shall be removed within one-half hour of the ending time of the event for which the street is closed. Barricades shall also be immediately removed upon request of any authorized officer or employee of the City.

CITY SERVICES

19. Each application submitted shall be referred by the City Manager to the Police, Fire, and Public Works Departments and to any other City department that the City Manager deems advisable. These departments shall recommend to the City Manager personnel, equipment requirements, and final action on the application.

20. The Police Department shall review each application and determine whether the presence of police officers is required for the safety and welfare of the participants and general public. If the Department does determine
that police presence is required, the Department shall note on the application the personnel and equipment requirements and shall determine the costs associated with providing those services according to the schedule on file with the City Clerk.

**HOLD HARMLESS/LIABILITY COVERAGE**

21. Before the City Manager may grant any permit under these rules and regulations, the applicant shall sign a statement holding the City, its officers and employees, whether elected or appointed, harmless from any and all liability arising from the street closure.

22. Except in the case of a street closure for purposes of a residential block party, each applicant for a street closure permit shall file with the City Manager a certificate of insurance for no less that $500,000 combined liability coverage naming the City, its officers and employees, whether elected or appointed, as additional insured, prior to the issuance of any permit. This insurance shall be waived by the City Manager for non-athletic events if the following conditions are met:

   a. The applicant or officer of the sponsoring organization signs a verified statement that he/she believes that the event's purpose is First Amendment expression, and that the cost of obtaining insurance is so financially burdensome or impossible to obtain that it would constitute an unreasonable burden on the right of First Amendment expression. The statement shall include the name and address of at least two (2) insurance brokers or other licensed source for insurance coverage contacted to determine insurance cost or availability.

   b. The City may, at its discretion, determine to require the applicant to apply for insurance coverage for the event under a policy selected by the City. The applicant shall provide any information pertinent to qualifying for the insurance coverage. The City will pay the premium for this insurance coverage, rather than the applicant.

**COSTS**

23. Except in the case of a street closure for purposes of a residential block party, an applicant for a street closure permit shall deposit with the City Finance Department all costs for police service as designated by the Police Department before the permit may be issued.

24. Police Department costs shall be waived by the City for non-athletic events if the following conditions are satisfied:

   a. The applicant/sponsor signs a verified statement that he/she believes the event's purpose is First Amendment expression, and that the cost of traffic control fees is so financially burdensome that it would constitute an unreasonable burden on the right of First Amendment expression; and

   b. The applicant/sponsor selects one of the pre-established free speech routes for a parade or other special event established by the City.

**CONDITIONS**

25. The City Manager may impose conditions on the permit to ensure that the event complies with these rules and regulations and may impose conditions on a proposed closure to avoid denial pursuant to these rules and regulations, including but not limited to:
a. Alteration of the date, time, or location of the event proposed on the event application:

b. Area of assembly and disbanding of parade or demonstration;

c. Accommodation of pedestrian or vehicular traffic, including restriction of the event to the street involved;

d. Usage of traffic cones, barricades, and barricade lights;

e. Provision of first aid and/or sanitary facilities;

f. Usage of event monitors and provision of notice of permit conditions to event participants;

g. Restriction on the number and type of vehicles, animals, or structures at the event, and inspection and approval of floats, structures, and decorated vehicles by the San Mateo Fire Department;

h. Compliance with animal protection ordinances;

i. Usage of refuse containers and clean-up;

j. Restrictions on the use of amplified sound and noise.

APPEAL

26. Imposition of any condition or the granting or denial of any permit for a street closure may be appealed by any person to the City Council for review pursuant to these rules and regulations within five (5) days of the date of the granting or denial of a permit.

CONNECTION TO OTHER JURISDICTIONS

27. These rules and regulations shall not be construed to affect in any way the responsibility of the applicant to obtain all permits that may be required by the State of California, the County of San Mateo, or any other governmental entity in order to affect the street closure desired according to applicable law.
