

Top Five Reasons to **BYOB** (Bring Your Own Bag!)

1. You save 10¢.
2. No more annoying wasteful pile of non-biodegradable plastic bags cluttering your kitchen.
3. You get to sport a cool fashionable reusable bag that demonstrates your love for the environment.
4. You will become very popular with bird watchers as fewer bags mean fewer entangled birds (and the birds will really like you too!).
5. And last, but not least, you do your part in making our environment clean and sustainable!
