Lifeguard Training: age 15+

This Lifesaving course, based on the American Red Cross Lifeguarding program, will certify students in Lifesaving, CPR and AED for the professional. Students must be 15 years old by the last day of the class and pass a pre-test (swim 300 yards continuously, retrieve a 10 lb. brick from the bottom of the pool, return it to a designated spot and climb out of the pool). This is a blended learning class which combines both in-person and online lessons. There will be on-line lessons to complete prior to the three-day class time. Completion of the on-line portion and attendance at all meetings are required for certification. Those students who pass the course, are hired by the City of San Mateo and work the entire summer will be reimbursed the fee for this class.
