

What is "Team Up to Clean Up"?

It is a program meant to bring San Mateo residents and neighborhoods together in a joint effort to eliminate litter in our streets, storm drains, parks and waterways. Litter is not only unsightly, but also unsafe and harmful to our natural environment.

How to start your own "Team Up to Clean Up" Group

Connect with friends and neighbors who want to keep our city litter-free. City staff will first meet with you to explore the possibilities of working together to keep our communities clean and safe. We will support your project by providing your team with safety gloves & vests, cleanup bags, cleaning supplies, and arrange for the free pickup of all the trash at the end of your event. Volunteers receive safety instructions and sign an Annual Waiver of Liability. Community Service reports are available for students who participate.

Sign up today to start **Your "Team Up to Clean Up" Group.**
