

NOTICE OF CONTRACT AWARD

January 10, 2020

The North San Mateo Drive Sustainable Streets Project was approved by San Mateo City Council on Jan. 6, 2020, awarding the construction contract to **RK Engineering, Inc.**

PROJECT AREA: North San Mateo Drive from Peninsula Avenue to Baldwin Avenue

PROJECT OVERVIEW:

The Project will improve pedestrian and bicyclist safety, as well as incorporate "Green Infrastructure" elements to improve stormwater quality to the San Francisco Bay. The Project includes installation of a Class II bicycle lane, as well as pedestrian safety improvements, such as curb extensions at key intersections, enhanced roadway striping, a new traffic signal and traffic signal upgrades.

ANTICIPATED SCHEDULE:

Construction is expected to begin spring 2020. You will receive a "Notice of Construction" two weeks in advance of work start. **If you plan to be away during the work phase, please make arrangements to park your car off city streets.**

PROJECT HISTORY:

Planned since 2016, the Project is a "Complete Streets" concept; a national effort to create streets that can accommodate all users including pedestrians, bicyclists, cars, and mass transit.

NOTICE OF CONTRACT AWARD

An improvement project in your neighborhood has been approved and the construction contract has been awarded. *See the reverse of this card for details on your neighborhood's upcoming improvements.*

The City of San Mateo Public Works Department ensures your infrastructure is efficient and sustainable for generations to come. Below are just some of the types of projects Public Works prioritizes:

ROAD IMPROVEMENT

The maintenance and repair of our city's network of roads improves the quality of life for our residents and their visitors. These projects can be pavement reconstruction, slurry seal or roadway rebuilding.

TRAFFIC FLOW IMPROVEMENT

Traffic flow is an essential element to safety in our communities. These projects can include dedicated turn lanes, intersection redesign, speed bumps installation or a new traffic signal.

ACCESSIBILITY FOR ALL

The accessibility of our neighborhoods for all improves the health of our city for every citizen. These projects can include new or enhanced bike paths, sidewalks redesign, park trails and crosswalk improvements.

STORMWATER MANAGEMENT

To decrease polluted stormwater flows into the San Francisco Bay, we work on flood zone improvements and Green Infrastructure design to ensure a healthy environment for all.
