NOTICE OF CONTRACT AWARD
August 31, 2020

ANNOUNCEMENT:
A project to improve a street near you will start soon.

The 2020 Smooth Streets project was approved by San Mateo City Council on August 17, 2020 and Interstate Grading and Paving, Inc. was awarded the construction contract.

FIND OUT MORE ABOUT AT:
www.cityofsanmateo.org/smoothstreets

PROJECT OVERVIEW:
The Smooth Streets Program reconstructs streets that have reached the end of their service life. In 2020, eight new road segments totaling 1.8 miles will be improved by the program.

ANTICIPATED SCHEDULE:
This project is expected to start construction September 2020 and expected to conclude in December 2020. The work is done in phases for each segment.

You will receive a "Notice of Construction" in advance of work start. Please note that construction schedules can change.

We thank you for your patience and cooperation.
An improvement project in your neighborhood has been approved by City Council and the construction contract has been awarded. See the reverse of this card for details on your neighborhood’s upcoming improvements.

The City of San Mateo Public Works Department ensures your infrastructure is efficient and sustainable for generations to come. Below are just some of the types of projects Public Works prioritizes:

**ROAD IMPROVEMENT**
The maintenance and repair of our city’s network of roads improves the quality of life for our residents and their visitors. These projects can be pavement reconstruction, slurry seal or roadway rebuilding.

**TRAFFIC FLOW IMPROVEMENT**
Traffic flow is an essential element to safety in our communities. These projects can include dedicated turn lanes, intersection redesign, speed bumps installation or a new traffic signal.

**ACCESSIBILITY FOR ALL**
The accessibility of our neighborhoods for all improves the health of our city for every citizen. These projects can include new or enhanced bike paths, sidewalks redesign, park trails and crosswalk improvements.

**STORMWATER MANAGEMENT**
To decrease polluted stormwater flows into the San Francisco Bay, we work on flood zone improvements and Green Infrastructure design to ensure a healthy environment for all.
