

# Now that I signed up for a class, now what?

Our live-stream classes are hosted through Zoom and in order to participate, please make sure you have done the following:

- Download <https://zoom.us/> on your desktop/laptop or mobile device, create an account.
- Download and register Zoom at least 3 hours before class starts and look for your Zoom receipt.

## Zoom tips:

- Please **rename your devices** using the drop down menu (3 dots) on your screen. That way we are able to admit you into class and can extend Make-up classes to all students.
- Be sure to **pin the instructor** or put them on Speaker View.
- Check out the chat box for info from your instructor and co-hosts and share feedback with all students
- If you want your **camera image to match/mirror** the instructors, go into the video icon on your image pop up menu, click video setting/mirror my video and you're set
- **Look for your Zoom link when you register. The Zoom receipt comes as an attachment along with your registration receipt when you register. When registering, be SURE TO click EMAIL receipt so that you can easily access your Zoom receipt. Please print/save for your records.**
