The **2020 Smooth Streets project** will begin in your neighborhood soon.

The following segments will see road improvements:

- Birch Avenue, from S. Delaware Street to Sunnybrae Boulevard
- Del Mar Way, from Portola Drive to Hacienda Street
- Fairfax Avenue, from Alameda de las Pulgas to Franklin Street
- Fleetwood Drive, from Folkstone Avenue to S Grant Street
- Franklin Street, from Crystal Springs Road to Virginia Avenue
- Fulton Road, from Bromfield Road to end
- Sunnybrae Boulevard, from S. Delaware Street to S. Amphlett Boulevard
- Turner Terrace, from E. Bellevue Avenue to E. Poplar Avenue

**ANTICIPATED SCHEDULE:**

Concrete work begins late October, paving work begins in March 2021 (due to weather).

Work hours are: 7:30 a.m. to 4:30 p.m., Monday to Friday.

**Please respect 'no parking signs' when and where placed.**

**PROJECT CONTACTS:**

Contractor: Interstate Grading & Paving Inc.  
650-952-7333

City of San Mateo: 
Jimmy Vo  
Senior Engineer

An improvement project in your neighborhood will soon begin. See the reverse of this card for details on your neighborhood’s upcoming improvements.

The City of San Mateo Public Works Department ensures your infrastructure is efficient and sustainable for generations to come. Below are just some of the types of projects Public Works prioritizes:

**ROAD IMPROVEMENT**
The maintenance and repair of our city’s network of roads improves the quality of life for our residents and their visitors. These projects can be pavement reconstruction, slurry seal or roadway rebuilding.

**TRAFFIC FLOW IMPROVEMENT**
Traffic flow is an essential element to safety in our communities. These projects can include dedicated turn lanes, intersection redesign, speed bumps installation or a new traffic signal.

**ACCESSIBILITY FOR ALL**
The accessibility of our neighborhoods for all improves the health of our city for every citizen. These projects can include new or enhanced bike paths, sidewalks redesign, park trails and crosswalk improvements.

**STORMWATER MANAGEMENT**
To decrease polluted stormwater flows into the San Francisco Bay, we work on flood zone improvements and Green Infrastructure design to ensure a healthy environment for all.
