8. Types of homes (single family houses, apartments, condos, mobile homes, etc): Single family

9. What issues matter to your community? Please describe how the issues before the City Council have an impact on your community. Development in our area is heavily impacting our neighborhood, i.e., Station Park Green, Hines office buildings, AAA apartments (Azara), Passages, Hayward Park

Train Station development. We don't need anymore building in our area. Let another area of San Mateo take on some of the building burden.

10. What else would you like to tell us about your community? 19th Avenue Park, Sunnybrae, Fiesta Gardens are long time neighborhoods of San Mateo. Our communities need to be treated

with the respect they deserve. It feels like we have absolutely no voice in what happens in our surrounding area. The Planning Commission and most of the City Council do not hear us.
