NOTICE OF PROJECT INTENT

NORTH CENTRAL BIKE LANES PROJECT

PROJECT MAP

MORE INFORMATION/ MÁS INFORMACIÓN:

Point your smartphone camera at the circle for project details.

Apunte la cámara de su teléfono inteligente al círculo para obtener detalles del proyecto.

The North Central Bike Lanes Project is planning to begin construction soon. City staff is recommending San Mateo City Council award the contract on Oct. 4, 2021. If awarded, construction would be scheduled soon after.

PROJECT DETAILS

The project will construct the 2nd and 4th highest priority projects in the 2020 Bicycle Master Plan. New bike lanes and a bicycle boulevard will be installed in your neighborhood.

PARKING REMOVAL CONSIDERATIONS

To accommodate all types of transportation, parking removal is planned on the south side of Poplar Avenue from El Camino Real to Delaware Street - 43 spaces (approximate), the east side of Delaware Street between Poplar Avenue and Indian Avenue - one space (approximate), and the west side of Humboldt Street from Peninsula Avenue to 5th Avenue - 170 spaces (approximate).

PROVIDING PUBLIC COMMENT

Your comments are welcome at the San Mateo City Council meeting on Oct. 4, 2021. Enter this URL to learn how you can provide your feedback: https://bit.ly/Council_Speak.

NOTICE OF PROJECT INTENT

The City of San Mateo Public Works Department ensures your infrastructure is efficient and sustainable for generations to come. The Department improves the quality of life for all residents through prioritized projects such as:

- Maintenance and repair of roads,
- Traffic flow improvements, and
- Accessibility improvements.

Local property owners also have a responsibility to keep our infrastructure safe and sustainable. Below are two areas for property owners to be aware of:

PRIVATE SEWER LATERAL

San Mateo property owners are required to maintain the functionality of their sewer lateral (the pipe from your property to the sewer main under your street). To find out more about sewer laterals and our shared cost program, go to:
www.cityofsanmateo.org/PSLO.

SIDEWALKS

San Mateo property owners are legally and financially responsible for maintaining the sidewalk fronting their property in accordance with Municipal Code Chapter 17.24.

Looking to make improvements?

To protect its investment in street paving, the Department enacts a three-year street digging moratorium on all recently paved roads. Property owners considering improvements that may affect the street should complete their work prior to the City's upcoming project identified on the other side of this card.
