Previous SB 9 Parcels:

The subject parcel was not previously created using the provisions of SB 9

Neither the owner of the parcel nor any person acting in concert with the owner, has previously subdivided an adjacent parcel using the provisions of SB 9.

**Unit Restriction**

- The site has either been vacant or owner-occupied for three (3) years prior to application submittal. Evidence such as: property tax record, income tax records, utility bills, vehicle regeneration, or similar documentation has been provided as verification.
- The subject housing unit(s) are not subject to rent control.
- No Ellis Act eviction(s) have occurred for any of the existing house on site within the last fifteen (15) years prior to the submittal of this application.

**Affidavit**

- An affidavit signed by the owner(s) stating they intend to occupy one of the units as their principal residence for three (3) years following approval of the urban lot split has been attached.
- The owner is a community land trust or qualified non-profit corporation and thus is not required to provide an affidavit.

**Uses**

- Allowed Use: The project includes residential uses only.
- Disallowed Use<sup>1</sup>: The project does not involve a proposal to create a short-term rental and the owner(s) acknowledge that any existing or proposed units on site may not be used for short-term rentals of less than 30-days.

**Development Standards**

Parcel Size:

- Each newly created parcel is at least 1,200 square feet in size (i.e. the parcel being split must be at least 2,400 square feet).
- Each newly created parcel is no smaller than 40% of the original parcel's size.
- A brief description of the parcel sizes and proportion to the original parcel size is included below:

---

---

---

- Access: Each parcel provides access to or adjoins the public right-of-way.

<sup>1</sup> Deed restriction indicating a prohibition on short-term rentals will be required prior to the recordation of the final subdivision map or prior to building permit final inspection where no subdivision is proposed.

- Parking:** One (1) off-street parking space is provided per primary unit, except no parking is required when either of the following occurs:
  - The parcel is located within 0.5 miles walking distance of a high-quality transit corridor (i.e. El Camino Real), a major bus stop<sup>2</sup>, or a major transit stop (i.e. Caltrain Stations)
    - I have included a map printout illustrating that the project is within 0.5 walking distance of a high-quality transit corridor, a major bus stop, or a major transit stop as defined in state law.
  - There is a car share within one block of the property.
- Setbacks:** A minimum 4'-0" rear and side yard setback has been provided.
- Objective Standards:** Objective zoning, design, and subdivision requirements are met.

**Total Number of Dwelling Units**

- Proposed lot split does not include more than two (2) total dwelling units. Dwelling units can be a combination of primary units, Accessory Dwelling Units (ADUs) and/or Junior Accessory Dwelling Units (JADUs).
- A summary of number and types of existing and proposed units on each lot is included below:

---

---

---

<sup>2</sup> A major bus stop is defined is a bus stop that has an intersection of two or more bus routes with 15-minute or less service intervals during the morning and afternoon peak commute hours (PRC 21064.3).
