SMALL WIRELESS FACILITY ELIGIBLE FACILITIES REQUEST

General Information

Any collocation, modification, or removal of transmission equipment on an existing wireless facility may be considered an eligible facilities request pursuant to Section 6409. The information provided by the Applicant on this form will facilitate City staff review.

Project Information

Proposed Site Location:

Project description:

1. The project increases the height of the structure by more than 10% or 10-feet, whichever is greater. ☐ Yes ☐ No
2. The project adds an appurtenance to the body of the structure that would protrude from the edge of the structure by more than 6 feet. ☐ Yes ☐ No
3. The project involves installation of more than the standard number of new equipment cabinets for the technology involved or exceeds four cabinets. ☐ Yes ☐ No
4. The project installs new equipment cabinets on the ground where there are no existing cabinets, OR installs ground cabinets that are more than 10% larger in height or overall volume than any other existing ground cabinets associated with the structure. ☐ Yes ☐ No
5. The project involves any excavation or deployment outside the current site. ☐ Yes ☐ No
6. The project involves alterations that could defeat the concealment elements of the support structure. ☐ Yes ☐ No

Is "yes" marked in any of the above boxes? ☐ Yes ☐ No

If so, this will not be considered an eligible facility request, and the project shall submit for a standard Small Wireless Facility permit Type 1 or 2.

Applicant Acknowledgements

I certify under penalty of perjury that the information submitted above is true, correct, and complete to my knowledge.

I acknowledge and understand that subsequent action to rescind any application or permit based upon this questionnaire may be possible if evidence is uncovered to the contrary.
